Recommended use 			
	The ZugerKB debit card is your practical everyday companion. Thanks to direct account debiting, you have an overview of your purchases, cash withdrawals and online payments at all times.	A ZugerKB credit card is the ideal supplement to the ZugerKB debit card, particularly when travelling or making major purchases. As transactions are not paid for until the monthly settlement date, the liquidity of your bank account is not affected immediately. Furthermore, you benefit from attractive insurance services for travel (e.g. cancellation insurance) and retail purchases (e.g. extended warranties), and you collect points for the "surprise" bonus programme with every transaction.
