

# ZugerKB Investment Advisory Basic

Invest money for the long term, and make use of a compact package of services.

**As an investor, you rarely alter the composition of your securities, take long-term investment decisions and want expert advice depending upon the particular situation. An annual portfolio check keeps you informed about the performance of your investment assets, highlighting aspects where action is needed as well as possible risks.**

## The right solution for you

If you take your investment decisions independently, would like expert advice depending upon the particular situation and value consistency in respect of the composition of your investments, then Investment Advisory Basic is the ideal package for you.

## The benefits for you

ZugerKB Investment Advisory Basic offers you a compact solution that is ideally tailored to your investment needs. Your personal advisor is available if you require support with investment topics.

## The key features

- Personal advisor
- Identifying your risk profile
- Defining the investment strategy based on your needs
- Investment proposal during the first meeting
- Specific investment recommendations at maturity
- Annual asset statement with detailed information on the performance of the portfolio
- Annual monitoring of the portfolio and suggestions on any action required
- Access to the compact package of Zuger Kantonalbank publications

## The risks

- With Investment Advisory Basic, investment decisions are the responsibility of the client.
- Risks are associated with investments because, among other things, they are subject to financial market fluctuations.
- ZugerKB Investment Advisory does not offer any guarantee of a positive performance.
- The brochure "Risks Involved in Trading Financial Instruments" published by the Swiss Bankers Association provides detailed information about potential risks. In addition, further product documents are available for individual investment instruments.

## Termination

The agreement can be terminated at any time.
