

## Terms and conditions in basic business for corporate clients and other institutions

### **General note**

For the sake of clarity, only the most important prices are shown here. All prices and information are valid at the time of publication. If a product, service or agreement is terminated or closed during the year, there will be no pro rata reimbursement of annual fees already charged.

- 15 Cheques and miscellaneous

# Tips for the optimal use of our products and services

### Below we'll help you make the most of our services while saving on costs.

#### "Adjust the account to meet your needs"

- Consistently separate your payment and saving transactions. Use our current accounts for regular payments: no limits to withdrawals apply to these accounts.
- As the corporate savings account is used to hold excess liquidity, withdrawal limits apply to this account. Plan your withdrawals in advance and give plenty of notice for any withdrawals that exceed the free withdrawal limit. A penalty is charged for non-compliance with the notice period.

#### "Make your payments easily and safely online"

- Make your payments via e-banking and benefit from attractive execution prices. Avoid sending us written payment orders.
- Make EUR payments in Europe via e-banking as SEPA payments and save money.
- Manage your standing orders free of charge in e-banking and avoid sending direct instructions to the bank to enter or change standing orders.

### "Go paperless"

- Switch over from physical bank statements to e-banking documents. You will benefit from rapid access, save on postage expenses and reduce your ecological footprint.
- In the one app, activate the option under "Bills" to have your credit card statement sent to you electronically and save on postage expenses.
- Send, receive and pay your bills electronically by using the eBill function in e-banking.

#### "Make payments the smart way"

- Use the cashless option to pay for your purchases safely and easily. Enjoy the advantages of this payment method with our debit and credit cards and our digital solutions such as mobile payment (Apple Pay, Google Pay, Samsung Pay), wearable payments (Fitbit Pay and Garmin Pay) and TWINT. You will find more information about setting up and using the app at www.zugerkb.ch/mobile-payment.
- Use the ZugerKB ATMs for free cash withdrawals and the ATMs of the other cantonal banks for withdrawals outside the canton of Zug.

### "Use the ATMs in our branches"

- Make free withdrawals and deposits at our ATMs.
- As a Zuger Kantonalbank client, you can use our self-service banking kiosks free of charge to deposit small change, change coins and banknotes, or withdraw coin rolls.

At www.zugerkb.ch/hilfe-und-support you will find useful instructions and videos about e-banking, Mobile Banking, TWINT and the one app. By following the step-by-step instructions you can implement the above-mentioned tips simply and conveniently. If you require any further information, our advisors at 041 709 12 12 will be happy to help.
